Charging the Battery

⚠ Caution

- Read the Safety Information Booklet before charging.
- Use the approved charger to charge the battery.
- The remaining lithium-ion battery power is limited to 30% pursuant to the new lithium battery shipment regulation approved by International Air Transport Association (IATA).

To charge the battery, connect the radio to the power adapter, power bank, or PC with the USB cable.

To determine the charging status, check the battery icon or percentage shown on the LCD display.

To ensure optimum waterproof and dustproof performance, close the USB port cover after charging the terminal.
Attaching the Belt Clip
Attaching the Audio Accessory

Open the cover of the audio accessory connector and insert the audio accessory into the connector.

To ensure optimum waterproof and dustproof performance, close the cover after removing the audio accessory.

Connecting to the Internet

You can connect to the Internet by using the cellular network or WLAN network.
- To connect to the cellular network, install the SIM card and activate the cellular data service.
- To connect to the WLAN network, go to **Setting** > **WLAN** to enable the WLAN network and then choose one of the listed networks. If a password is required, connect the terminal to the PC, and then install the PNC370 WLAN Hotspot Editing Tools and the ADB drive to configure the WLAN hotspot.

📝Note

Contact your dealer to obtain the installation package of the PNC370 WLAN Hotspot Editing Tools.

Status Indication

Checking LCD Indications

Icon	Terminal Status
🔋	The battery is fully charged.
🔋	The battery is nearly dead.
📶	The number of bars indicates the signal strength of the cellular network.
📶	The terminal is connected to the WLAN network.
📵	No SIM-card is detected.
🎧	An audio accessory is connected.
B	The BT feature is enabled.
·B·	A BT device is connected.
📍	The positioning feature is enabled.

Checking LED Indications

LED Indicator	Terminal Status
Glows orange	• Being turned on. • Ready to press the PTT key to speak to an individual. • A dynamic group call is in progress.
Glows green	Receiving.
Glows red	Transmitting.

Application Installation

- To install an application online, go to **APP Store > Software**, and select the required software.
- To install an application locally, transfer the APK file to the terminal using the computer, and then access **File Manager** to select the file.

PoC Service

Push-to-talk over Cellular (PoC) provides direct one-to-one and one-to-many voice communication services over the cellular network.

✍ Note
This service is available only when you have installed the PoC application on the terminal.

You can access PoC menu to initiate a call.
1. Go to **Home** > **PoC**, and then press **OK/Menu** key.
2. Select the required contact.
3. Press and hold the **PTT** key and speak.
You can listen to a call without any operation.
